RE: Public water connection

Dear Mr. Patterson:

Thank you for attending the informational meeting held on October 7. If you did not attend that meeting please refer to the meeting summary prepared by the DEP, dated October 15, attached. Please contact Nick Hodgkins at 287 4854 with any questions about the meeting notes. Exit 3 Realty offers the following options for your consideration:

Option 1

Hookup to the public water supply and abandonment of your well now. Exit 3 Realty will pay for all costs of installation and abandonment. I/we grant permission for a representative of Exit 3 Realty to enter upon my/our property to coordinate and perform this work.

Option 2

Installation of water lateral to your property line but not the connection to your house. You will remain connected to your well water supply. I/we grant permission for a representative of Exit 3 Realty to enter upon my/our property to coordinate and perform this work. Exit 3 Realty will pay for the installation of the lateral to your property and will provide an allowance of \$500 for future connection to your house and a \$500 allowance for the future abandonment of your well. The funds will remain available for 3 years from commencement of the water main extension.

Option 3

Remain on your private well. You will assume responsibility for any future connection and well abandonment.

If we do not hear from you, we will assume that you have chosen option 3.

I would like to choose the following option: (circle one) 1 2 3
